

Range Rules

- 1 One person must be nominated as a range officer for shooting to be allowed.
- 2 Eye and hearing protection must be used. Open shoes and open necked shirts are not allowed.
- 3 Firearms may only be uncased on the firing point or in the safe area.
- 4 Ammunition is not permitted in the safe areas.
- 5 Firearms and ammunition may not be uncased or handled until 'preparation time' has been called by the range officer.
- 6 Firearms must point in a safe direction at all times ie towards the backstop or at the ground at least 45deg in front of the firing point.
- 7 The range officer must check the range is clear before calling 'load'.
- 8 Firearms (including magazines) may not be loaded until 'load' has been called by the range officer.
- 9 All shooting must be at standard targets in the target holders, all bullets must enter the backstop.
- 10 No-one may go forward of the firing point until all firearms have been checked clear and 'guns clear' has been called by the range officer.
- 11 Firing points may not be occupied, and firearms and ammunition may not be handled when anyone is forward of the firing point.
- 12 All firearms to be checked clear by the range officer and cased before being removed from the firing point.
- 13 All malfunctions are to be cleared at the end of the detail under supervision of the range officer.
- 14 Lead projectiles only may be used. Jacketed projectiles are not permitted.
- 15 Only pistols and pistol calibre rifles may be used. Maximum muzzle velocity for pistols is 1100FPS. Maximum muzzle velocity for rifles is 1400FPS. Magnum loads may not be used.
